JACARANDA ATLAS OF THE PACIFIC ISLANDS

The Jacaranda Atlas of the Pacific Islands features mapping detail and clarity pioneered by Jacaranda over 30 years of atlas publishing. It contains extensive map and case study coverage of the North and South Pacific region as well as a comprehensive World section with case studies. The atlas is full of high-quality illustrations including photos, block diagrams, satellite images and graphic displays.

ABOUT THE AUTHOR:
Max Quanchi has taught Pacific Island history since 1973 at universities in Australia and PNG. He is the author of several textbooks for schools including Culture Contact in the Pacific and Pacific People and Change. In the course of his work, Max has visited all the nations and territories in the region. He currently teaches in the School of Humanities at Queensland University of Technology in Brisbane, Australia.

The Jacaranda Atlas has been a part of Australian classrooms since 1969. Each successive edition has established the benchmark in atlas publishing. The Sixth Edition continues that evolutionary process, drawing on an experienced team of writers, educational advisers, researchers, artists, designers, compositors, cartographers and cartographic editors to deliver a state-of-the-art educational resource. Innovative cartographic techniques, graphics and satellite imagery provides engaging, up-to-date material for students to use. An interactive atlas on CD-ROM with Virtual Fieldwork modules again leads the way for Australian school atlases. A dedicated website ensures that the atlas is kept up to date with a host of supporting resources.

### THE ATLAS:
- new thematic maps and purpose-drawn topographic maps cover a wide range of topics and themes
- case studies of important events, issues and features from Australia and the world allow students to explore geographical themes in depth
- 28-page skills section with activities to explain geospatial skills and concepts.

### THE CD-ROM:
- an interactive atlas of the world with search facilities for over 10,000 locations, plus scale and mapmaker tools enable students to study geographical patterns
- Virtual Fieldwork modules designed to involve students in interactive fieldwork sites around the globe.

### THE WEB SITE:
- mapmasters and worksheets
- atlas games
- statistical updates
- downloads of additional worksheets and Virtual Fieldwork modules.

Atlastes Level: middle and upper primary

JACARANDA JUNIOR ATLAS 2E

The Jacaranda Junior Atlas has been an enduring and vital classroom resource and student reference for 15 years. It has now been fully revised, with maps specially designed to suit the needs of middle and upper level primary students.

The new edition has a strong emphasis on Australia, with 58 pages devoted to maps of our nation and to popular themes such as exploration, government and Indigenous Australians.

Features

- each Australian state and the Northern Territory has a six-page section devoted to it. These pages cover natural and human features, land use, climate, and regional and capital-city case studies
- new relief maps have been developed for clarity and ease of use
- content is arranged to take students on a journey from the local scale through to national, regional and global scales
- maps and informative text cover significant Australian places, including how they are protected and cared for
- natural and human features are mapped separately for Australia and the continents
- the placement of Australian state and territory maps, as well as continent maps, on facing pages allows students to see relationships between geographical features
- new content includes topics such as the Murray–Darling Basin, pre-European indigenous trade and World Heritage sites
- stunning satellite images provide a realistic perspective of the world’s continents

The Jacaranda Junior Atlas Second Edition is a vital reference for students as they begin learning about the world around them.

*Class set minimum 25 copies. Quote Promotional Code: GLOBE when ordering. While stocks last.
The third edition of the *Jacaranda Primary Atlas* has been designed to give middle and upper level Australian primary students an exciting window on their world from a local, national and global perspective.

The atlas is divided into three sections:

**SKILLS**
Students are introduced to basic map interpretation and geospatial skills through 25 pages of stimulating ideas and student activities.

**AUSTRALIA**
Clear detailed maps of each state and territory are supported by *Geofacts* and all-new case studies. Thematic pages present nationally studied topics such as exploration, natural hazards and government.

**WORLD**
Political maps to show countries and new satellite image maps to show physical features are the focus of the World section. These clear and realistic maps have been specially designed for primary students. New case studies showcase major geographic and environmental issues with an emphasis on positive solutions. An *Amazing Places* feature takes students to iconic natural and human features on their planet. Additional thematic pages provide a valuable reference on world topics such as world climate and endangered species. Flags of the world and statistics complete this section.

The *Jacaranda Primary Atlas 3E* is supported by the *Jacaranda Primary Atlas 3E Teacher Resource Kit*. A world of use across the curriculum worksheets. It contains:

- The *Jacaranda Primary Atlas 3E Strategies and Activities book*
- Five large-scale Wall Maps

The Humanities Alive series provides comprehensive student and teacher resources for the new Victorian Essential Learning Standards

about the series

HUMANITIES ALIVE

The Humanities Alive 1 to 4 series of texts is written to cater for the Victorian Essential Learning Standards (VELS). Humanities Alive 1 and 2 cover Level 5, and Humanities Alive 3 and 4, Level 6, together with additional Level 5 material on Civics and Citizenship. This revised edition of Humanities Alive 2 also includes Antarctica.

This visually stimulating series is designed to engage the Middle Years learner, with its strong appeal to multiple intelligences. Interesting content is crafted into double-page spreads to quickly engage students and to help them readily understand and absorb essential information and skills. This series is particularly suited to students who respond well to content presented in an accessible, often visual way so that they are not overwhelmed with large passages of text.

The texts comprehensively address the Discipline-based Learning domain of Humanities. Concurrently, standards relevant to the Interdisciplinary Learning and Physical, Personal and Social Learning strands are embedded in activities and extended through a range of worksheets and CD-based interactive tasks.

TEXTS FEATURES:

- full coverage of the Level 5 and 6 standards for the Humanities domain
- extensive cross-links to the various Physical, Personal and Social Learning and Interdisciplinary Learning standards
- special chapters in the first three texts of the series that focus on the Civics and Citizenship domain, and its particular focus on political and legal procedures and systems.
- activities catering for a wide range of abilities and intelligences, and signposted to reflect the non-discipline-based domains (e.g. Thinking, Communication, ICT etc.)
- Skillboosters scaffolding the application of pertinent reasoning, interpretation and geospatial skills
- Checklists to encourage students to reflect on their own learning
- Check and Challenge spreads at the end of every chapter, to test understanding and knowledge and to apply and extend learning
- a list of Key Terms at the end of every chapter, defining key terms bolded in a spread

ADDITIONAL RESOURCES

EBOOKPLUS FEATURES:

- the entire text in PDF format
- links to interactive learning objects designed to develop recall and investigatory skills
- a Wizdom game

TEACHER SUPPORT KIT FEATURES:

- VELS curriculum grids covering entire Level (5 or 6), and relating to each chapter in the series
- transdiscipline links
- suggested teaching approaches and assessment tasks
- answers and suggested responses for all activities
- photocopiable worksheets

WEB SUPPORT FEATURES:

- additional downloadable worksheets
- weblinks related to the text activities and worksheets
- e-flash cards
- on-line tests
- range of teacher resources including VELS grids and downloadable assessment templates

The Jacaranda Essential Humanities series provides comprehensive student and teacher resources for the Victorian Essential Learning Standards.

**about the series**

**JACARANDA ESSENTIALS HUMANITIES SERIES**

The Jacaranda Essentials Humanities series provides a thorough and in-depth coverage of the domains of History, Geography, Economics and Civics and Citizenship as required by the Victorian Essential Learning Standards (VELS). Taking a clearly structured approach, this series is designed for teachers and students who will benefit from a strong focus on detailed content and skill development. Activities that target the acquisition of a thorough understanding of content and domain-based skills prepare students for further study in the Humanities discipline.

**FEATURES OF THE TEXTS:**
- Four books offer comprehensive coverage of the Learning Focus and Standards for Humanities Level 5 and 6 across the Humanities domains.
- Separate books compiled for History, Geography, Economics and Civics and Citizenship allow for specialised teaching of these domains.
- Links to the domains of Communication, Thinking, ICT, and Design, Creativity and Technology through structured activities with chapters.
- Integration of Personal Learning and Interpersonal Development, for example working in teams.
- Glossary terms highlighted and defined at the start of each chapter.
- Skills integrated throughout plus additional SkillsEssentials sections, many with links to additional interactivities and public affairs.
- Weblinks that connect to on-line sites to facilitate Internet research and investigations.
- Check and challenge sections at the end of most chapters, suitable for revision, extension and further research.

**ADDITIONAL RESOURCES:**

**CD-ROM FEATURES:**
- The full text in PDF format for electronic use in class or at home.
- Additional interactive material introducing and supporting concept and skill development.
- Activities in the textbook available electronically for students to complete on-screen and print out.

**WORKSHEETS 1–4 FEATURES:**
- Available as separate photocopiable resources.
- Includes ideas for classroom work or homework, for independent learning or group participation.
- Supplements the textbook and CD-ROM contents and activities.

**WEB SUPPORT FEATURES:**
- An extensive set of up-to-the-minute weblinks.

Jacaranda Essentials Humanities for VELS …

Jacaranda Essentials Economics & Civics: Levels 5 & 6 (Years 7–10)

*Jacaranda Essentials Economics & Civics* is a contemporary, engaging and accessible text and CD-ROM resource prepared specifically to support the Victorian Essential Learning Standards. *Economics and Civics* provides full coverage of Levels 5 and 6 standards for the domains of Economics, and Civics and Citizenship.

The strong focus in all chapters is to engage and enthuse students with high-interest and relevant presentation and content.

Links are made, particularly through activities, to the domains of Communication, Thinking, ICT, and Design, Creativity and Technology. Aspects of Personal Learning and Interpersonal Development are also integrated, including teamwork, in-depth learning and strategies to encourage participation in community activities.

**FEATURES:**
- Information-rich text
- Colourful, stimulating double-page spreads
- Clearly explained concepts
- Glossary terms highlighted and defined in the chapter specific glossary
- Skills integrated throughout plus *SkillsEssentials* sections
- Structured activities for different learning styles and abilities
- Weblinks that connect to on-line sites to facilitate investigations
- *Econofile* and *Civicsfile* provide interesting and topical snippets of supplementary information to engage students
- ICT Made Easy icons signpost opportunities to link to clear and friendly instructions at www.jaconline.com.au/ict-me

**ECONOMICS & CIVICS CD-ROM:**
- Is included with the textbook
- Contains the textbook in PDF format
- Provides interactive concept and skill development
- Allows completion of textbook activities on-screen.

**ECONOMICS & CIVICS WORKSHEETS:**
- Are photocopiable
- Offer a wide variety of activities
- Supplement the text’s activities.
