

Nature of Biology Book 1 Third Edition Teachers Resource Manual

Features

The new edition of the *Nature of Biology Book 1 Teacher Resource Manual* provides support and valuable additional resources for teachers using *Nature of Biology Book 1 Third Edition* (student textbook and CD-ROM) and the *Nature of Biology Book 1 Activity Manual*.

For the questions at the end of each textbook chapter, there is a comprehensive set of comments, guidelines, cross-references to the textbook and suggested answers.

For the practical work that comprises the *Activity Manual*, teachers are provided with planning and safety guidelines and additional resources that supplement and enhance the use of the *Nature of Biology* package.

Preliminary contents

Introduction

1 Cells: discovery and exploration

Chapter review questions: comments, guidelines and suggested answers
Activities: planning, safety and additional information

2 Structure and function of cells

Chapter review questions: comments, guidelines and suggested answers
Activities: planning, safety and additional information

3 Cells: what are they made of?

Chapter review questions: comments, guidelines and suggested answers
Activities: planning, safety and additional information

4 Cell replication

Chapter review questions: comments, guidelines and suggested answers
Activities: planning, safety and additional information

5 Obtaining energy and nutrients for life

Chapter review questions: comments, guidelines and suggested answers
Activities: planning, safety and additional information

6 Distribution of materials

Chapter review questions: comments, guidelines and suggested answers
Activities: planning, safety and additional information

7 Reproduction

Chapter review questions: comments, guidelines and suggested answers
Activities: planning, safety and additional information

8 Ordering the living world

Chapter review questions: comments, guidelines and suggested answers
Activities: planning, safety and additional information

9 Habitats and environmental resources

Chapter review questions: comments, guidelines and suggested answers

Activities: planning, safety and additional information

10 Physiological adaptations for survival

Chapter review questions: comments, guidelines and suggested answers

Activities: planning, safety and additional information

11 Behaviour for survival

Chapter review questions: comments, guidelines and suggested answers

Activities: planning, safety and additional information

12 Reproductive strategies for survival

Chapter review questions: comments, guidelines and suggested answers

Activities: planning, safety and additional information

13 Ecosystems and their living communities

Chapter review questions: comments, guidelines and suggested answers

Activities: planning, safety and additional information

14 Population dynamics

Chapter review questions: comments, guidelines and suggested answers

Activities: planning, safety and additional information

15 Flow of energy and cycling of matter

Chapter review questions: comments, guidelines and suggested answers

Activities: planning, safety and additional information

16 Changes to ecosystems over time

Chapter review questions: comments, guidelines and suggested answers

Activities: planning, safety and additional information
